

Silman Fellow for Preservation Engineering

APPLICATIONS DUE
March 24, 2023

**National Trust for
Historic Preservation**
Save the past. Enrich the future.™

Silman
A TYLin Company

The National Trust for Historic Preservation invites applications for the 2023-2024 Silman Fellow for Preservation Engineering. This 12-month fellowship provides a recent graduate with the opportunity to work on various restoration, rehabilitation, and preservation projects at the Trust's 27 sites nationwide and work at Silman as a structural engineer. Projects at the Trust may involve master planning, condition assessments, consultant team selection, technical research, materials conservation methods, preventive and corrective maintenance, contract documents, bidding and negotiation practices, contractor selection, job site administration, and distribution of grant funds.

The Silman Fellow is required to complete a deliverable for the benefit to the field of historic preservation that is suitable for presentation and/or publication. Upon successful completion of the Fellowship, the Fellow will continue as a full-time Silman employee.

TO APPLY

Provide a cover letter, resume, and brief expression of interest in a specific area. Upload the information through the career portal linked on the Silman website.

Contact mj.klingelhofer@silman.com and jill.ventura@tylin.com for questions on the application process or qualifications.

QUALIFICATIONS

- B.S. in Civil, Architectural, or Structural Engineering
- M.S. or M.A. in Historic Preservation **or** M.S. in Structural or Architectural Engineering with an academic background in historic preservation
- Willingness to travel nationwide
- Demonstrated professional interest in historic preservation
